SportClinic OF EXCELLENCE

Presentation Dossier

FIFA® | MEDICAL CENTRE OF EXCELLENCE

FIFA recognizes institutions considered the best in sport-related injury's treatment around the world as FIFA Medical Centres of Excellence.

Ripoll y De Prado Sport Clinic obtained its recognition in 2013, becoming part of an elite team formed only by 23 centres all over the world.

Gianni Infantino, FIFA president.

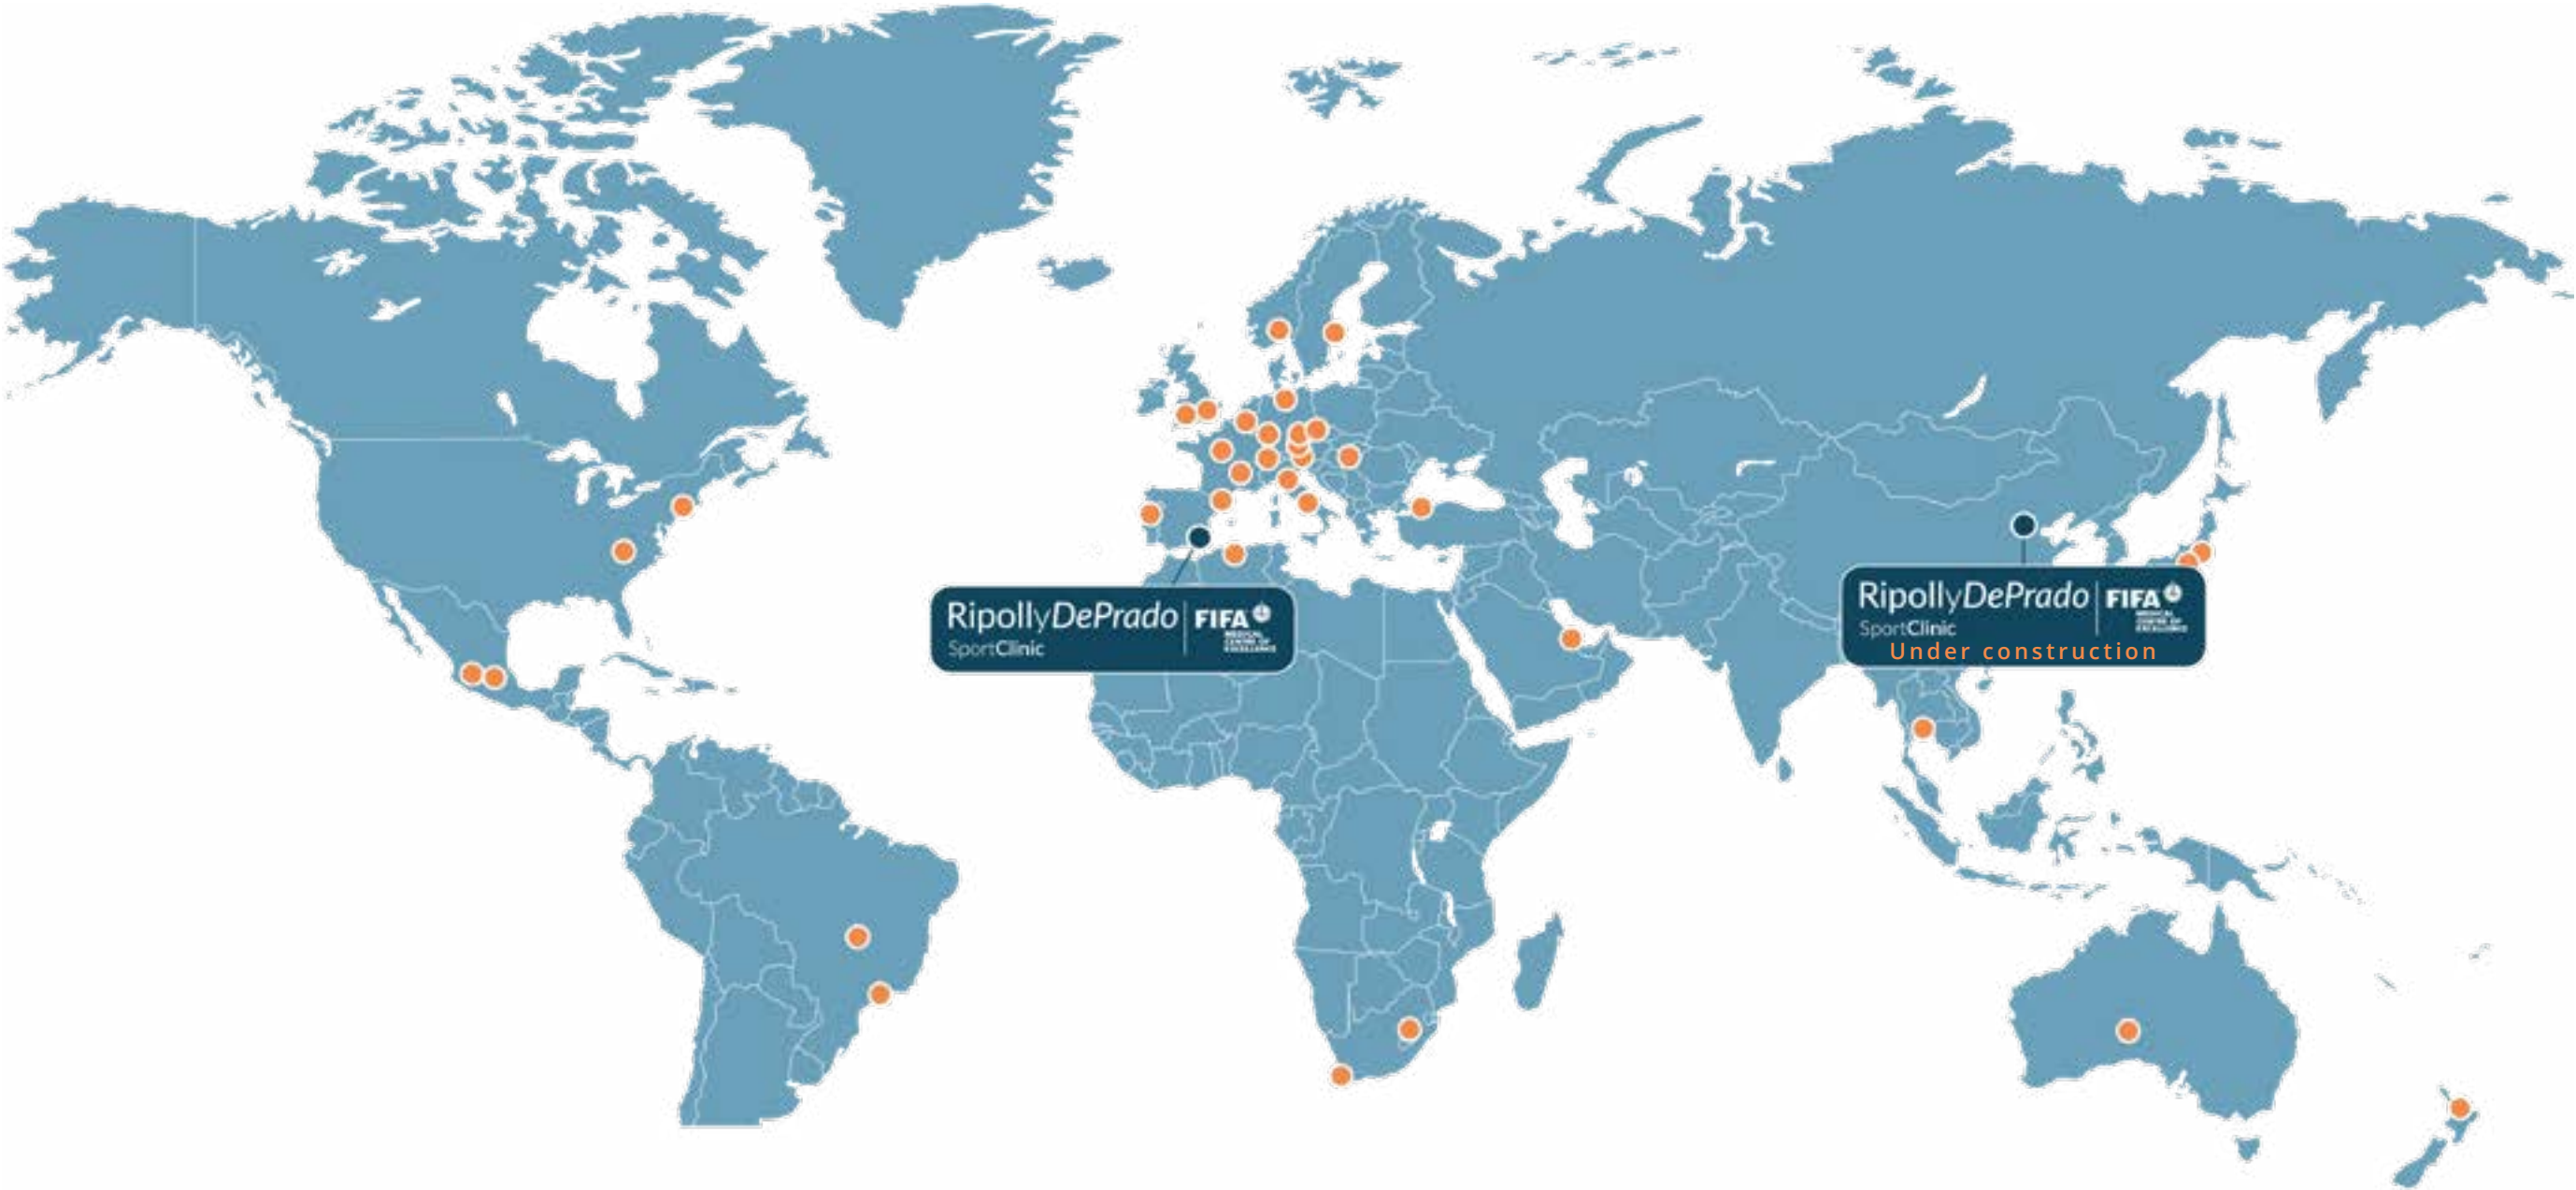

Michel D'Hooghe, member of the FIFA Council and Chairman of the medical committee of the FIFA and Dr. Pedro Luis Ripoll.

FIFA MEDICAL CENTRE OF EXCELLENCE

As a FIFA Centre, Ripoll y De Prado Sport Clinic develops the **Official Assistance and Sudden Death Prevention FIFA Program** and organizes both social and scientific meetings that take place all over the world.

This program has scheduled for this year many events in Mexico, EEUU, Colombia, New Zealand and Japan.

Ripoll y De Prado Sport Clinic, FIFA Centre of Excellence, it's a medical institution specialised in orthopaedic surgery and based in Madrid and in the East of Spain and it focus its resources on the following activities:

ASSISTANCE

This institution is made of several specialised units for each articulation managed by international professionals: from Spanish doctors such as **Ripoll and De Prado**, dutchs like Doctor **Van Dijk** or even Doctor Mellado who's working in Stuttgart (Germany) at the moment. Likewise, there's a strong sports medicine managed by Doctors **Morate**, **Quesada** and **Molina**.

All the professionals who work at Ripoll y De Prado Sport Clinic are considered the top specialists at the highest level by the international medical community, having **elite athlete** patients from all over the world.

RESEARCH

For many years, Ripoll y De Prado Sport Clinic has been developing programs related to minimum invasive surgery. Also, they are regularly published in the most prestigious Orthopedic and Trauma Surgery magazines.

Members of this Sport Clinic are managing partners at some of the most important scientific societies, national and international, in this area of expertise, such as the Spanish Arthroscopy Society, the American Foot Society, ESSKA-AFAS, Nordic Orthopaedic Federation, ISAKOS and Deutsche Wirbelsäule Gesellschaft (DWG).
